*MOSHI – TANZANIA*

Dear Don,

Finally I am happy to send you a small project out of big project for special education  
Our request from Christ Church is monies for furniture for the school.  
These furniture will be manufactured in KTTC.

Dear Fr Paul,  
Parish Priest,  
Dear Dorothy,  
The Committee, Christ's Church.

Many greetings from Moshi.

Thank you very much, for the best wishes and prayers for my Jubilee.  
It was great celebration in Uchira,,, One thousand people ,,like the blessing of the church as still fresh in  
Dorothy' s memories.

The Bishop was delighted and he is very grateful, for your decision to share with us your generosity again  
as you did in the past.  
This time we have spacial education for special children as you will see in the attached project. We pray for  
furniture as we continue building; once classroom are ready we would like to start making good use for  
good education.  
I am sending you the whole project so as to make it possible for you to pray for us what we are doing for  
these beloved children of God.  
As the Lord, said pray, seek and knock the door will be opened, we are talking on behalf of the children. In  
this way more people will know and pray with us.

Wishing you all blessings in this Month of the Rosary of Our Lady, the Mother of God.

Yours in Christ,

Fr. Wilibald Maningi.
